

Canine Vaccines

Complete Canine Wellness Annual
Physical exam for all classifications that include: dental evaluation, fecal exam, heartworm test, flea and tick check, and appropriate blood tests depending on dog's age.

| Canine Classification | Lifestyle | Recommended Vaccinations |
|--|--|--|
| Outdoor Enthusiast  | Most of the time outdoors running unrestrained; unsupervised roaming and supervised or unsupervised hunting or fieldwork | Rabies DAPP(Distemper) Leptospirosis Lyme Bordetella |
| Outdoor Socialite  | Some of the time outdoors; may contact unknown dogs on a periodic basis | Rabies DAPP(Distemper) Leptospirosis Bordetella |
| Indoor Socialite  | Multi-dog household, mostly indoors or confined but frequent contact with other known dogs through feeding, elimination, boarding, showing | Rabies DAPP(Distemper) Bordetella |
| Indoor Elitist  | One or two dog household; indoors mostly, but comes into contact with unknown dogs by occasional escape | Rabies DAPP(Distemper) Bordetella |
| Indoor Pampered Pooch  | Strictly indoor, never comes into contact with other dogs; sits in the lap for hours at a time; rarely touches bare earth, a real couch potato | Rabies DAPP(Distemper) |
